

Our services are casual contemporary with a "come as you are" feel in the area of attire and contemporary worship led by a worship team. The worship is piano and vocal led with the goal of worshipping the Lord with all of our heart, soul, strength, and mind. Psalms 119:105 says, "Your word is a lamp to my feet and a light for my path." Therefore, the sermons are a study of the Word of God and how our lives are affected and can be changed for the better as we conform to be like Jesus Christ.
